

Clean Copy of First Paragraph of Page 7

Fig. 1 of the drawing shows a level body 1 with recesses 2, 3. Bubble levels 7 are placed and glued into the recesses in a subsequent production step. In addition, the level body 1 can be provided with a coating of synthetic material before or after the bubble levels have been placed in the recesses 2, 3. The measuring surface 4 located at the bottom side of the level body 1 has at a length of the level body 1 of 80 cm a tolerance with respect to its planarity of less than 0.1 mm.

Clean Copy of "Brief Description of the Drawing"

BRIEF DESCRIPTION OF THE DRAWING

In the drawing:

ar Fig. 1 is a perspective view of a level body of a foamed metal;

Fig. 2 is a schematic partial cross-sectional view of the level body of Fig. 1 taken along sectional line A-A; and

Fig. 3 is a detail view of a bubble level within the recess of the level body.
